PGR Review: Training Needs Assessment

Student: Date:

You are required to audit you training needs for every PGR Review. This from has to submitted on SIMS for every PGR review.

Training & Support

1. In planning the next stage of your research, are there any matters of organisation or resources, training needs or any other factors with which the School can assist you? Are there any other issues you wish to raise?

2. Please list below any research/skills training courses you require. The School of Computer Science & Informatics, Doctoral Academy, EPSRC (if applicable) and possibly other bodies offer relevant courses. You should discuss your requirements and funding of your attendance on such courses with your supervisor(s).
